COFFEE RECIPE HANDBOOK

Coffee 'n Chill

COFFEE. CHILL. CONNECT.

Staff Training Guide

1. PURPOSE

About This Handbook

This handbook provides CoffeeNChill staff with standard recipes and preparation methods for the drinks served by the café. The purpose is to ensure that drinks are prepared consistently, safely and to the expected quality standard. Recipes may be adjusted by management when ingredients, equipment or serving sizes change.

How to Use This Guide

This guide covers all standard drink recipes offered at CoffeeNChill, including hot drinks, cold drinks, teas, a barista quality checklist, and allergen reminders. Each recipe includes ingredients, equipment, step-by-step preparation, quality checks, and allergen notes. Always follow the recipes as written and consult your supervisor if you are unsure about any step or ingredient.

HOT DRINKS

ESPRESSO RECIPE:

Equipment: Espresso machine, grinder, tamper, knock box, espresso cup

Ingredients: 18 g finely ground coffee Filtered water

Directions:

1. Grind the coffee finely.
2. Place approx. 18 g of ground coffee into the portafilter.
3. Distribute evenly and tamp firmly.
4. Lock the portafilter into the espresso machine.
5. Start the extraction.
6. Serve immediately in a warm espresso cup.

Quality Check: Rich coffee aroma • Balanced flavour • Layer of crema • No burnt or extremely bitter taste.
Allergens: None from the basic recipe.
Note: Adjust dose and extraction settings to the café's specific machine and beans.

Ingredients: 1 tea bag; 200 250 ml hot water; Optional milk for black tea; Optional lemon; Optional honey/sugar. Preparation: 1) Place tea bag in cup. 2) Add hot water. 3) Steep per tea supplier's instructions. 4) Remove tea bag. 5) Serve. Allergens: Normally none, but check packaged product information.

QUALITY CHECKLIST

Before Serving:

□ Correct drink ordered

□ Correct ingredients used

□ Correct cup/glass used

□ Drink prepared using recipe

□ Milk properly steamed

Final Check:

□ Cup/glass is clean

□ No spills on outside of cup

□ Correct toppings added

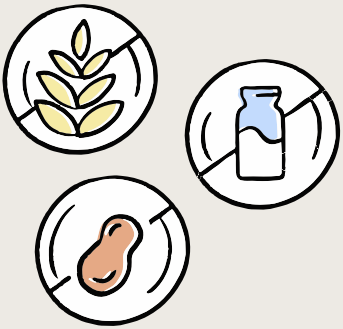

□ Drink served promptly

Every drink must pass this checklist before it reaches the customer. Consistency, cleanliness, and care are the hallmarks of a great CoffeeNChill barista. When in doubt, remake the drink to our standard.

Allergen Reminder

CoffeeNChill staff must ask customers about allergies when appropriate. Common allergens that may appear in our products include:

- Milk
- Wheat / Gluten
- Eggs
- Nuts
- Soy

Important Staff Responsibility:

Always check the ingredient label supplied by the manufacturer before preparing or serving any product. Never assume that a product is allergen-free simply because the main ingredient does not contain the allergen. When in doubt, check the label and consult your supervisor. Customer safety is our priority.
